para 1 above and how there could be such a heavy expenditure on repairs also a new car was recently bought for the Mayor

4) The Committee on his present letter reports that out of this amount of Rs 150-9-6, a sum of Rs 14-12-0 has since been passed as there was amount as the monthly allowance of Rs 300/ p m and that the balance of Rs 135-4-6 which could not be so adjusted and which has also not been included in the previous aggregate charges for Rs 1277-2-0 appears to be sanctioned now This heavy expenditure of about Rs 1100/ on Repairs is attributed to heavy wear and tear due to the large number of inspections carried out every day by the Mayor throughout the Corporation area

5) The maintenance of a Car Book for the trips performed by the Mayor's Car has also been prescribed in G O dated 26-8-52 while sanctioning the bills for Rs 1,277-2-0 and this will enable scrutiny of expenditure on audit and avoidance of any extravagance in future
